QUICKSHIP

MADE FOR YOUR DEADLINE

MADE FOR SIMPLE SELECTION

Flooring you need, fast.

You need more than a floor. You need a supportive space that works to improve operations, efficiencies, health, safety and wellness. Made to the highest standards of quality, durability and service, nora® rubber flooring drastically reduces maintenance and noise, provides added comfort underfoot and delivers performance that lasts for decades.

QuickShip 2 Weeks

Available to ship within 10 business days, the nora® QuickShip program offers an array of norament® and noraplan® products in a variety of color and product combinations, including ESD flooring, stair tread, weld, and cove base options.

MADE FOR MORE™

norament® **825 round**

Rubber tile flooring with monochrome color and a classic round pastille surface for use in heavy traffic areas.

0884 DUST GREY

0882 PLATINUM GREY

0749 STONE GREY

0716 SLATE GREY

Available as norament round stairtreads

0702 BLACK

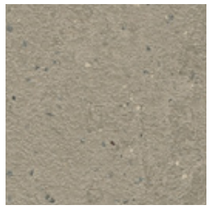
norament 825 round
5

Art. 1902
501 mm x 501 mm (~19.72 in x 19.72 in)

norament **castello™**

Rubber tile flooring with a lightly marbled pattern and a two-tone surface for maximum demands. Like stone, no two tiles look the same, offering wide scale variation for a natural aesthetic in large, open spaces.

5355 PALAZZO



5354 MANOR

Variations in color and design, even within one production batch, define the product's aesthetic character.

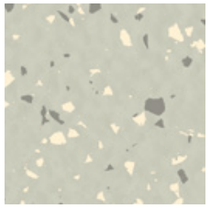
Art. 3167
1004 mm x 1004 mm (~39.53 in x 39.53 in)

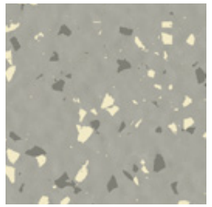
PRODUCT NORAMENT GRANO **COLORS** 5319 SPIKENARD, 5302 ANGELICA ROOT & 5301 WHITE FIR

norament® **grano™**

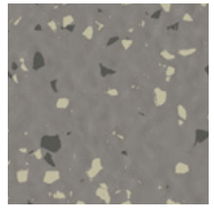
Rubber tile flooring combining a rich, contrasting granular design with a hammered surface for use in extremely heavy traffic areas. Select colors available as norament® grano™ ed - electrostatically dissipative flooring for optimum ESD protection of electronic devices and equipment. Both options resist most oils and greases and are suitable for forklift truck areas.



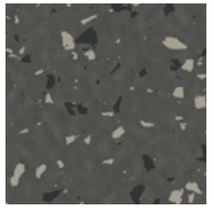
5301 WHITE FIR



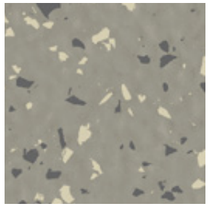
5302 ANGELICA ROOT



5303 FRANKINCENSE

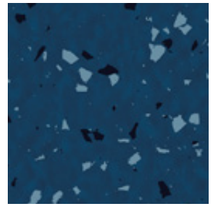


5304 BLACK PEPPER

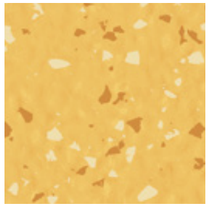


5306 CAMPHOR

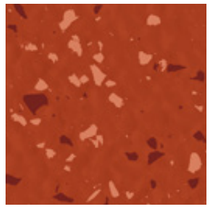
5319 SPIKENARD



5320 SASSAFRAS



5329 BERGAMOT



5332 GERANIUM

Available as norament grano stairtreads

Note: Stair tread colors 5303 and 5304 can be supplied with textured visually impaired strips in color 8015 Black.

nora® **cold weld**

nora® 1-component cold weld was developed for use with nora rubber floor coverings. In general, nora flooring does not require welding as it does not contain phthalate plasticizers and does not shrink after installation. Unless specified, welding of norament and noraplan flooring is optional. It is recommended for special applications such as installation on moisture-sensitive subfloors, areas with permanent intensive wet cleaning, operating rooms and other areas with specific hygienic requirements, and vertical external corners.

WHY nora® RUBBER FLOORING?

Reduced Maintenance

Little more than water needed - no finishes, coatings or harsh chemicals necessary.

Quiet Acoustical Performance

Attenuate noise pollution.

Ergonomic Design

Add comfort underfoot, reducing foot and leg pain.

Durable Surface

Withstand extreme stress from heavy rolling loads and wheeled traffic.

Superior Slip Resistance

Help to create safer spaces.

Supports Infection Control

Disinfect thoroughly due to a dense, non-porous surface.

Integrated System

nora and Interface cover every area of your building – all from a single source. Create harmonious, space-specific design with our system of soft and resilient floor coverings, including special floorings, stair treads and accessories.

Outstanding Service

From design to post-installation, we have the experts to support your project at every step and can even be a valued resource for your organization's sustainability mission.

nora.com

- Find the right floor for your project with nora Flooring Finder
- Design your floor with the nora Room Designer
- Find technical and environmental documents

SUSTAINABILITY VERIFICATIONS

Cradle to Cradle Certified®

Certification of whether a product is safe, circular and responsibly made. Applies to nora 926 and 913 compound floor coverings and stair treads.

GREENGUARD Gold

All nora floor coverings & adhesives are certified for low VOC emissions.

Environmental Product Declaration (EPD)

A statement of product ingredients and environmental impacts over the entire life cycle of a product. A comprehensive life cycle assessment (LCA) is performed to ISO standards to develop an EPD, after which both the EPD and LCA must be third party verified. Applies to nora 926 and 913 compound floor coverings and stair treads, and ESD and acoustic floor coverings.

Health Product Declaration (HPD)

A transparency tool for evaluating whether a product supports Green Chemistry. As part of our work on Health and Materials, Interface continuously reduces the environmental and health impacts of our products through elimination of materials of concern. Applies to nora 926 and 913 compound floor coverings and stair treads, and ESD floor coverings.

We have tried our very best to accurately represent product colors. However, due to the nature of printed materials, color of actual products may vary slightly. Please request a sample to see actual product color.

All product specifications reflect averages derived from product sample testing, are subject to normal manufacturing and testing tolerances and inherent pattern variances, and may be changed without notice. For more information about these and other important attributes of the product(s) described herein, including recycled content and limited warranty information, please see nora.com.
